

Standard Warranty & Service Policy

Atlas Fluid Systems B.V.

Document No: POL-WARR-REV-5 | Effective: January 2026

Coverage Period

Atlas Fluid Systems warrants new equipment for 24 months from the date of commissioning, or 30 months from the date of shipment, whichever occurs first.

What Is Covered

- Defects in materials or workmanship under normal operating conditions.
- Manufacturing defects identified during commissioning by an Atlas-certified technician.

What Is Excluded

- Normal wear items (mechanical seals, wear rings, gaskets, bearings) beyond the first 12 months.
- Damage from improper installation, unauthorized modification, or dry running.
- Damage from use of lubricants or fluids not approved in the applicable IOM manual.
- Damage from failure to follow the maintenance schedule specified in the IOM manual.

Claim Process

- Contact Technical Support with the equipment serial number and a description of the issue.
- Technical Support opens a claim ticket in Atlas FieldOps within 1 business day.
- An Atlas-certified technician inspects the equipment on-site or requests it be returned to a plant.
- Atlas issues a claim determination within 10 business days of inspection.
- Approved claims are repaired or replaced at no cost to the customer; freight terms per the sales contract.

Extended Service Plans — Atlas CarePlus
